Following the instructions in the SO link, I have downloaded the required libraries, and used the code to create a downloader: library(httr) library(jsonlite) library(R.utils) url On Tuesday, the House Judiciary Committee passed the FY2019 Federal Funding Appropriations Act. While many of the provisions of this bill will have a direct impact on the mandate litigation and other policy areas in which I have been advising counsel and clients, there is one provision that, if passed, would significantly harm the health care reform litigation to which I have advised over the past two years. The bill's Section 521 is one more measure designed to severely limit judicial review of the Affordable Care Act under the Administrative Procedure Act. This is a bad bill for many reasons, including that it: Establishes a new prohibition on judicial review of, among other things, price discrimination under the Health Care and Education Reconciliation Act; En 3e33713323
