He toured with famed rapper and sometime producer Sean Combs, while attending Florida State University. Canton also worked with legendary singer/songwriter, David Banner on his album All American in 2001. Canton sold thousands of albums during his college career and toured regularly, often with the same company. He was easily accepted by his peers and many of the students in the college community. Canton & Sean managed to land him a record deal with Atlantic Records and were paid to support his first album, Canton Jones, in the spring of 2003. He went on to release several others with Atlantic in the following years. In 2003, Cantons independent label, CAJO, released The Password, which included many songs that previously had been released by Canton Jones himself. This is Cantons follow-up to his debut album, Love Jones, and Canton states he wrote The Password for his family members, neighbors, and friends. This album contains many songs Canton considers to be favorites and the most memorable songs of his career, The Password. On August 4, 2007, The Password was re-released as The Password: Access Granted, which featured 13 new songs and 3 bonus songs (All The Way To The Top - No Desire, What He's Gonna Say, and It's A Long Way To Heaven). The album includes cantons number one hit, The Password, as well as his latest singles, Cantons Wish and The Prayer. Blessings, Cantons faith, and prayers continue to be answered as more of Cantons plans become reality. Cantons recent number one singles continue to reach a new level of success as Canton prepares to release his newest album, God City USA, in 2008.
